RULES OF THE AFIR/ERM SECTION
ACTUARIAL APPROACH FOR FINANCIAL RISKS/ENTERPRISE RISK MANAGEMENT
ORIGIN

Article 1
The AFIR/ERM Section (hereinafter “AFIR/ERM”) operates in accordance with the Statutes and Internal Regulations of the International Actuarial Association (IAA).

OBJECTIVES

Article 2
The objective of AFIR/ERM is to promote actuarial research in enterprise risk management and particularly financial risk fields, to push forward the boundaries of actuarial knowledge and to promote and facilitate an international exchange of views, advice, research and practical information among actuaries and other experts involved in these fields.

a) To this end, AFIR/ERM organizes seminars, colloquia and other meetings, and may engage in other activities such as awarding prizes, online exchanges, developing websites and publications, and establishing links to other organizations and IAA sections.
b) AFIR/ERM also identifies topics in the areas of enterprise and financial risk which merit further research, and may seek to promote research on these topics, for example by establishing a research working party or commissioning a paper to be presented at a future colloquium or seminar.
c) AFIR/ERM supports the publication of a scientific journal of high quality known as the ASTIN Bulletin – The Journal of the IAA. It includes papers and articles from all areas of actuarial practice.
d) The focus of AFIR/ERM is on international collaboration in these fields. Local associations are best positioned to address issues specific to their region and should be the primary organizer of any local seminars or events on AFIR/ERM topics.
e) Research activities should be, as far as possible, complementary to those undertaken by local associations. AFIR/ERM activities should respect the principles of subsidiarity as set out in Article 8 of the IAA Statutes.
f) AFIR/ERM aims to provide an international forum for collaboration, exchanging and developing research and ideas on AFIR/ERM fields.
g) Relevant information regarding the activities of the IAAHS and other materials of interest to actuaries are posted on the AFIR/ERM web site (www.IAA-AFIR.org).

Quantitative criteria for such removal include the failure to participate in at least 50% of AFIR/ERM Section Committee meetings over any consecutive 12 month period or non-participation for four or more consecutive meetings commencing with meetings after January 1, 2015. Participation by telephone counts as face-to-face participation. In addition, lack of engagement in Committee matters, as demonstrated by non-involvement in Committee business or a record of non-participation in voting on resolutions circulated by e-mail, would be grounds for removal. It is anticipated that the Chairperson would initiate a discussion with the member prior to the vote in an attempt to address his or her lack of participation.
